EDUCATION

Louisiana Tech University, Ruston, LA
Master of Business Administration (MBA)
Master of Science in Engineering and Technology Management
GPA: 3.222

Army Institute of Business Administration, Bangladesh
Bachelor of Business Administration (BBA) in Accounting
GPA: 3.48

PUBLICATION

Mitra, A., & Hamid, A. A. (2025). Does Corporate Social Responsibility (CSR) affect Financial Performance and Market Value? Evidence from the Banking Industry of Bangladesh. International Journal of Science and Business, 48(1), 1–13. DOI: https://doi.org/10.58970/IJSB.2621

RESEARCH EXPERIENCE

Independent Researcher
• Conducted an empirical study examining the relationship between CSR spending, financial performance, and market value in the Bangladeshi banking sector.
• Compiled and analyzed bank-level secondary data using regression analysis with standard firm-level controls.
• Interpreted results related to profitability (ROE) and market valuation (Tobin's Q).
• Developed experience in research design, data analysis, and academic writing.

Graduate Analyst, Institute for Micromanufacturing (IfM), Louisiana Tech University
• Analyzed workflow data from metrology and cleanroom operations to identify process inefficiencies and coordination challenges.
• Applied structured analytical tools, including DMAIC and process value and time analysis.
• Contributed to discussions on staffing, scheduling, and process improvement based on data analysis.
• Assisted with a materials research project involving PSSNa–Halloysite clay infusion under faculty supervision.

ACADEMIC SUPPORT EXPERIENCE

Graduate Assistant, Center for Instructional Technology, Louisiana Tech University
• Supported faculty and students during the transition from Moodle to Canvas as part of the CIT team.
• Assisted with course setup, troubleshooting, and user support during the system migration.
• Observed challenges related to technology adoption, user resistance, and training effectiveness.

PROFESSIONAL EXPERIENCE

Intern, SAFT America Inc, Valdosta, Georgia
• Conducted time studies and workflow analysis to identify bottlenecks and improve production cycle time.
• Used Lean and Kaizen and process improvement initiatives, including value stream mapping, labor optimization, and scrap reduction.
• Monitored production processes, machine downtime, and operator workflows to identify opportunities for improved efficiency and productivity.

Intern, NRB Bank Limited, Bangladesh
• Assisted with auditing, compliance checks, and account reconciliation.
• Conducted an analytical project using the CAMELS framework to evaluate bank performance.
• Gained experience working with structured organizational and financial data.

METHODS & ANALYTICAL SKILLS

Quantitative Analysis: Regression analysis, descriptive statistics, survey analysis
Statistical Software: SPSS, Minitab
Process & Quality Tools: DMAIC, process mapping, bottleneck analysis, Gage R&R
Research Methods: Secondary data analysis, applied empirical research
